Seized computer files reveal paramilitary secrets

**BY JOHN ANDREWS**

ATLANTA — The federal government on Monday obtained a search warrant to seize computers in Colombia, and then later on, seized computers.

The workers' supervisors, however, reported the health and safety of the employees as priorities to the company.

The computer was seized in the home of a spokesperson for the paramilitary group.

The computer was seized in the home of a spokesperson for the paramilitary group.

The suit seeks unspecified damages. No trial date has been set.
